

JEROME KALAW

BS Information Technology

OBJECTIVE

Seeking an IT internship to improve my technical skills in the IT industry. Eager to gain hands-on experience in a collaborative environment and contribute effectively to team goals.

EDUCATION

Bachelor of Science in Information Technology

August 2021 - present

National University - Dasmariñas (Philippines)

- Major in Mobile and Web Application

KEY SKILLS

- Web Development (PHP, HTML & CSS, JAVASCRIPT)
- Mobile Development (Flutter)
- Problem Solving
- Attention to Detail
- Good communication
- Team player
- Basic Networking
- System Administration

PROJECTS

Barangay Document Request System

- Developed a web and mobile application for a local barangay in the Philippines to help streamline the process of document requesting of the residents.

Library Management System

- Developed a web and mobile app-based Library Management System for the primary schools of the Philippines to digitized the process of borrowing, returning of books. Lessen the time consumed in monitoring the library's inventory.

CERTIFICATION

- IT Specialist (HTML AND CSS) by CertiPort (Pearson Vue)
verify.certiport.com (5BPM-4wUp)
